Join our new "bitesize" online professional development programme for care home managers

- Hear practical ideas to support quality of life for people who live, die, work in and visit care homes
- Increase your confidence as a leader
- Reflect on the significant changes that have happened for care homes and build for the future
- Develop new networks in a confidential setting

Course details:

- Five 2 hour sessions (1 per month)
- High quality training in groups of 6
- Practical, interactive and supportive
- Led by a facilitator - using video and discussion you will explore ideas, hints and practical tips, supporting you in evidencing quality to others
- Bring your own experiences and ideas to the session, working with people who do the same job as you

Sign up now for the next course starting September 2021!
