NAPA
National Activity
Providers Association

People, places and passions... connecting, sharing, doing.

We are taking part in a national project called 'Care Home Friends and Neighbours'. We would love you to join us in helping our residents to live fuller lives and feel part of the community.

It could be about helping with music, gardening, sport or simply involving them in community life. It all starts with our residents and what matters to them.

Could you be our good 'Friend and Neighbour'? Let's get together and make it happen!

Please get in touch if you'd like to be involved in any way:
