

## Step 2 - prompt card for question two

### What connections would you like? A question for residents.

Are there any connections you'd like to make with our local community?  
What matters to you?

Hobbies  
Sports  
Group activities?

Something you'd  
like to learn?

Tastes?  
Feelings?  
Sensations?

Places you'd like  
to visit?

People you'd like  
to see?

### Use open questions

What? When? Where? Who? Why? How?

- What ideas do you have?
- What sort of things would that involve
- Who could help with that?
- Where would be a good place to do that?
- How would you like to be involved?

### Use what you know and be positive

Notice what residents enjoy and ask about it.

Try not to focus on the past or loss, ask about what they'd like to happen now.

### Be bold

Have the courage to ask and be curious. Your residents have many potential connections to explore.
