Please ask your teacher or supporting adults to email us any stories and photos to: intergenerational.linking.1@outlook.com

Some of the best stories will be shared on our website!

#### Care Home Open Week

This week is also Care Home Open Week – a week where care homes connect and celebrate with their local community.

Is your nearby care home taking part in the week?

Take a look at the <u>Care Home Open Week website</u> and find out.

If they are, you might be able to join in and take part!

## Thinking about the future

It is so important for care homes to feel connected to their local communities.

We hope that you will continue the connection you've started with your local care home, and encourage others to do the same.

Is there something that you could continue to do with your local care home over the summer holidays?

For example, you could carry on making things or write to the older people again to spread some joy.
